Corona Crises

Due to the Corona-crisis ISA serves the right to decide on June 15th, 2020 whether there will be held Europeans 2020 or not.

In case there will be no European Championship, the regatta will be renamed to "Soling Europacup 2020". The date and the schedule will not change.

Of course there will be some changes in the notice of race regarding prices, fees, measurement, jury, etc.

There is also the possibility that the Austrian government will not allow a regatta to be held at that time, as nobody knows what the next months will bring.
